## SUMMARY

---

Motivated Computer Science graduate (B.Sc. Computer Science, University of Kerala - Final Result Awaited) with strong hands-on skills in frontend web development and a growing foundation in Python full-stack development. Proficient in building clean, responsive, and user-friendly web interfaces using HTML and CSS. Actively learning backend technologies and modern development practices. Passionate about continuous learning, problem-solving, and building real-world software solutions.

## EDUCATION

---

<b>Higher Secondary (Computer Science),</b> ST Jhon's Model HSS	2020 — 2022
	Nalanchira, Thiruvananthapuram
<b>B.Sc. in Computer Science,</b> UIT Pirappancode	2022 — 2025
	Pirappancode, Thiruvananthapuram

## PROJECTS

---

<b>Personal Portfolio Website</b>	<a href="#">Demo</a> <a href="#">Source Code</a>	2025
-----------------------------------	--	------

- Technologies: HTML5, CSS3, GitHub Pages
- Designed and developed a fully responsive personal portfolio website to showcase skills, projects, and contact information.
- Implemented structured sections including Home, About, Skills, Projects, and Contact.
- Integrated direct WhatsApp contact and smooth in-page navigation.

<b>YouTube UI Clone</b>	<a href="#">Demo</a> <a href="#">Source Code</a>	2025
-------------------------	--	------

- Technologies: HTML5, CSS3, Flexbox, CSS Grid
- Built a responsive clone of the YouTube homepage interface using only HTML and CSS.
- Implemented header UI, sidebar navigation, and structured video grid layout.
- Focused on pixel-level UI alignment and responsive behavior across devices.

<b>Bus Automation System (Academic Project)</b>	2024
---	------

- Developed a system to automate bus ticketing and scheduling operations.
- Implemented automated data handling to reduce manual processing.
- Improved efficiency in passenger data and ticket record management.

<b>EduMate (Web-Based Academic Project)</b>	2024
---	------

- Designed a simple web interface for uploading and accessing academic study materials.
- Focused on structured navigation and ease of use for students.

## SKILLS

---

**Frontend:** HTML5, CSS3, JavaScript

**Backend & Database:** Python (Basics), MySQL (Basics)

**Tools:** Git, GitHub, VS Code, GitHub Pages

**Web Concepts:** Responsive Web Design, Flexbox, CSS Grid

**Soft Skills:** Problem Solving, Communication, Teamwork, Continuous Learning, Time Management

# EXPERIENCE

---

## Python Full Stack Development Intern

Jun '25 — Present

Kompetenzen Technologies,Kowdiar

- Undergoing structured training in Python full-stack development.
- Learning real-world application development and deployment practices.
- Gaining hands-on exposure to frontend–backend integration concepts.
